

FRIENDS OF AMAZON CREEK

NO CROSSFIRE TOWER!

AT&T threatens to build an 75 foot tall cell tower at the heart of the Amazon Parkway in Southeast Eugene at 4060 W Amazon Drive – looming over Amazon Creek, the Adidas/Rexius Trails, and in full view of Kincaid Park and Parker Elementary School.

Help stop this degradation of the environment in one of Eugene's favorite destinations for peace, tranquility and communion with nature!

Get involved! Together we can preserve the beauty and peace of this precious natural space!

Take action now to:

- **Protect natural values**
- **Protect wildlife**
- **Protect humans**
- **Protect property values**

**The Eugene city code provides a pathway for denial of this tower.
