

TSUNAMI BOOKS PRESENTS

An Electronic Silent Spring

WITH KATIE SINGER

Saturday, April 11, 2-4 pm

2585 Willamette St., Eugene

A free talk and book signing with the author

Do you wonder how the FCC determined that cell phones were safe to market? Do you wonder if there is a shadow side to Wi-Fi in schools? Do you wonder if wireless devices put children's health and minds at risk? Please join medical journalist and author **Katie Singer** to hear scientists' responses to these questions

RF meters will be available for those wanting to test their cell phone's electromagnetic radiation emissions

Suggested donation \$5

Copies of *An Electronic Silent Spring* will be available for \$18
